

SDMI Safety Week

We need you...work safely	A spill a slip a hospital trip!	Friends don't let friends forget safety	Safety is gainful; accident is painful	No safety know pain
Do your work with pride put safety in every stride	Tomorrow...your reward for working safely today	Safety doesn't happen by accident	Avoid a scene keep your workplace clean	Stay alert; don't get hurt
With safety glasses tight you'll surely keep your sight	Better to be safety conscious than unsafe and unconscious	Leave sooner drive slower live longer	Make it a mission to address unsafe conditions	Safety rules are your best tools
No need to debate when it's hot hydrate!	Safety is free; use plenty of it	If you lift with back you'll hear a crack!	Put safety first prevent the worst	Big or small fire safety's for all!
Safety isn't just a slogan it's a way of life	Don't be a fool; use the proper tool	Zero compromises toward safety	Don't be safety blinded be safety minded	It won't hurt if you ask for help
