There are not enough teams	COVID	I should have won	No one accepts my trades	My dog is sick
I had the better line-up	The rules are dumb	My kid had an event at school	I didn't have a good draft position	My team rocked on paper
The offensive coordinator pulled my running back at the goal line	There are too many teams	FREE	I didn't know this was a PPR league	I'm focused on my other leagues
If Tom Brady wasn't going through a divorce...	The "Bye" week gets me every time	Last year....	I was out of town	My kicker had a bad week
I was drunk	I forgot to set my lineup	My players keep getting injured	We should have done an auction draft	I let someone else set my lineup
