Someone's spouse is AWOL	Background noise interferes	Someone is crafting while talking	Someone shows off their gift(s)	Someone is working on their computer also
Someone cannot get their camera to work	Someone's TV is on in the background	Someone leaves the camera so that you only see an empty room	Bathroom "humor" breaks out	Someone tries to talk while muted
Someone's spouse is making a meal	Screen is "Photo-bombed" by a pet	Someone is playing games on their phone	Someone is sitting on their bed	Someone talks about the weather
Someone is wearing an ugly Sweater	Someone plays their instrument	Someone is eating	Someone leaves for a potty break	Small child interrupts
Someone snorts when they laugh	Someone falls asleep	Story is told about someone you don't know	Someone has their PJ's on	Someone is participating from their car
