

B	I	N	G	O
solution	Cube Root	All the Real Numbers	algebraic expression	like terms
evaluate	Radical	repeating decimal	integer	Four step-plan
irrational number	numerical expression	term	No Real Solution	identity
constant	rational number	distributive property	monomial	equation
inverse operations	coefficient	associative property	formula	algorithm

B	I	N	G	O
No Real Solution	Perfect Cube	identity	expression	evaluate
Four step-plan	rational number	like terms	commutative property	constant
repeating decimal	term	Cube Root	formula	distributive property
Radical	algorithm	inverse operations	terminating decimal	literal equations
irrational number	integer	monomial	Perfect Square	All the Real Numbers

B	I	N	G	O
evaluate	Radical	formula	solution	Perfect Cube
variable	terminating decimal	Square Root	Four step-plan	like terms
identity	absolute value	Cube Root	term	Perfect Square
irrational number	distributive property	algebraic expression	No Real Solution	commutative property
associative property	inverse operations	monomial	All the Real Numbers	expression
