WHO IS THIS?

They will do anything for you but need appreciation for it	It takes time for them to be comfortable around new people	They are trying to achieve an idealized version of themselves	They often put aside their needs to avoid conflict	They communicate by promoting motivating and networking
They are naturally neutral and curious	They want and need affection more than other types	They feel deeply and need time to process that	Their intensity may be mistakenly interpreted as controlling	They often overthink about decisions
They thrive on variety and adventure	They withdraw to protect their energy and resources	**FREE**	They always list worst case scenarios	They can find beauty even in painful situations
They communicate by demanding directing and defending	They perceive anxiety and sadness but project a sense of positivity	They communicate by encouraging comforting and complimenting	They can feel anxious without a specific reason	They enjoy helping others reach their full potential
They believe each step of a task must be done correctly	They appreciate affection and affirmation	They hold themselves to a high standard	When they look for the positive they are not avoiding issues but changing them	They are sensitive to criticism
