Wished to be lighter or darker before	Been ashy while wearing lotion	Been told you act white	Gotten extra nervous around police	Disliked your features before
Been the token black friend	Like fried chicken sweet potato watermelon or basketball	Ever smelled like hair product	Been called the N-word	Have to use extra-stretchy hairbands
Wished you weren't black	Been compared to chocolate	I AM BLACK	Ever had your hair compared to a puff/floof etc.	Been told "black people aren't attractive"
Been the only black person in the room	Code switched or heard someone code switch	Had 3 racist jokes made around/about you in one day	Cried because you were getting your hair done	Felt uncomfortable around white people
Had to go to school/out with messy/frizzy hair	Been told you're ghetto	Been told you look "exotic"	Don't know your family heritage well	Been made fun of for your nose/lips/skin etc.
