

2024

States start to break away from the Union become self-governing	A country ceases to exist	Greta Thunberg does something even more stupid	Putin or Zelensky overthrown	Musk Buys Private Island for Starship Operations
Another war somewhere	Southern Border is closed permanently	New country is created	AI runs for office	Same shit different year
US Populace takes a stand against Government	Aliens real but refuse to visit	Major star arrested for sex crimes	Meta loses Billions	Robot / AI suggest creating a program called Skynet
Murder Hornets (again)	Olympic Games mass walkouts / protests	Ice Cream Shortage caused by WH excesses	New Virus / Pandemic fears	Another Government Shutdown is threatened
Real Journalism Returns	California Declares Bankruptcy	Unexpected death in UK Royal Family	Death in space / space accident	Joe Biden out of office
