i only use this pharmacy	A line in the drive thru right before closing	I called this in just earlier	What do you mean no refills?	That's not OTC?
Fill everything on my profile	ethan ask for food within 30 min	There should be xxxx amount of RX's	But I have insurance	What do you mean I have a deductible?
What time do you close	someone waiting before we open	FREE	But Thanksgiving is tomorrow and you're closed	I paid \$x.xx last time
Is their a generic for that?	What happened to your hand	It says on my bottle...	I lost them	The same customer calls 4 times in a day
I got a call text or message from the pharmacy	Do you do the Covid boosters	Well I'm out	thats on back order	I always have a problem here/with doctor
