The only person who wants to be here is mad at everyone else for not wanting to be here.	"Don't embarrass us in front of the guests."	Dirty looks between older relatives.	Screaming fight about what deceased relative actually wanted.	Oblivious enabler / flying monkey smiles and passes the gravy.
Body-shaming.	Strategic avoidance of emotional elephant in the room.	Passive-aggressive remarks about cleanup.	"Why are you so sensitive" / "You just can't take a joke"	Screaming fight about how someone is "RUINING THANKSGIVING."
Someone sneaks off to smoke or drink and is yelled at afterwards.	Unnecessarily aggressive knife and fork plate scraping.	AWKWARD SILENCE FREE SPACE	Bashing "this generation."	Gossip / backbiting as soon as someone leaves the room.
Malicious annual revival of the same old argument from 30 years ago.	Someone gets unpleasantly drunk.	Merciless teasing of most vulnerable family member.	Fighting about why someone left early.	Passive-aggressive invalidation of every part of your life.
Fear-mongering conspiracy theories.	Bigotry.	Pets / kids who may be badly managed but don't deserve any of this.	Victim-blaming.	Creepy relative says something inappropriately sexual.
