

B	I	N	G	O
Slope	180 Kilometers Long	Example Of Mass Movement and Runoff	Rolling And Sliding	Load
Abrasion	Shape Of Streambed	Potential Energy	A River's Flow	Roller Coaster
Sediment	The Water's Potential Energy Changes To Kinetic Energy That Can Do Work	FREE	A River's Slope Volume Of Flow And The Shape Of Its Streambed	Gravity
Gravity and The Force Of The Moving Water	Runoff	Kinetic Energy	Friction	Mass Movement
Fast Moving Water	A Streambed's Shape	River	Turbulence	Energy
