D	A	D	D	Y
We have taken selfies/pictures together	We have build a fort together	We have gone on an ice cream date together	We have read a book together	We have laughed together
We have done each other's hair	We have taken a road trip together	We have played a board game together	We have cooked a meal together	We have played outside together
We have seen each other cry	We have told one another "I love you"	FREE SPACE	We have created art together	We have gone to the park together
We have had a picnic together	We have rode an airplane together	We have hugged each other	We have gone to the beach together	We have made funny noises together
We have gone swimming together	We have danced together to our favorite song	We have played dress-up together	We have watched my daughter's favorite TV show/movie together	We have gone on a bike ride together
