When you were a child what job did you want to have? (why?)	Did you have any unhealthy habits when you were a child? (why?)	Do you work or are you a student?	What jobs do people in your home town usually do? (why?)	What could you do to be healthier? (why?)
Do you have any unhealthy habits (why?)	What positive change might happen in your life in the next five years? (why?)	What is the busiest day of the week for you? (why?)	Do you do the same things on the same days every week? (why?/why not?)	What languages would you like to learn in the future (why?)
Which is more important to you - the teachers or the other students on your course? (why?)	Do you enjoy your course? (why?/why not?)	Have you changed a lot since you were younger? (why?/why not?)	How do you learn a foreign language?	What languages can you speak?
If you could change something you do every week what would you change?	What is your favourite day of the week? (why?)	Have there been any changes in your area recently? (why?/why not?)	What do you like most about your area? (why?)	Do you generally like or dislike change? (why?)
What jobs do your parents do? (why?)	Do you still want to do this job? (why?/why not?)	Why did you choose your university?	Do you think that English is difficult to learn? (why?/why not?)	Have there been many changes in your town or city recently? (why?/why not?)
