Went through a pop-punk phase	Became a fan of a sibling's music taste	Got into 80s hits because of a movie	Named a playlist something embarrassing	Had a sibling or parent judge your music taste
Felt judged for liking a certain genre	Used a song lyric as your status or bio	Learned a dance routine from a music video	Became obsessed with a retro band (like Duran Duran!)	Made a music video with friends
Tried (and failed) to learn an instrument	Went through an emo music phase	FREE	Bought band merch at a concert	Had a massive crush on a musician
Had a phase loving only sad breakup songs	Played the same album over and over	Had a pop diva phase	Had a favorite boy band	Knew all the words to a rap song
Got into a genre you thought youâEURTMd hate (e.g. country K-pop) ðŸ™ª	Changed your style because of an artist	Loved a one-hit wonder	Went to a music festival	Found your "angsty teen anthem"
