

Never have i ever

Used something other than your hands for pleasure	Accidentally ordered the wrong thing and ate it anyway	Dated someone older by 10 years	Rewatched a show instead of starting something new	Kissed more than one person in 24 hours
Burnt something so badly it set off the fire alarm	Spaced out during a conversation and nodded like you understood	Liked someone's post from years ago while stalking them	Almost did something crazy cause you were horny	Opened a NSFW message in public
Showed up to an event totally overdressed (or underdressed)	Woke up somewhere unexpected after a wild night	FREE	Ate something and pretended to like it (but hated it)	Flirted your way out of trouble
Ghosted someone after a bad date	Sang karaoke and completely forgot the words	Got food poisoning on a date or trip	Fantasized about a celebrity	Lied about how many people you've slept with
Dropped food on someone else	Boasted about something only to get called out for lying	Made out in a car	Wore a ridiculous outfit and thought you looked amazing	Butt-dialed someone at the worst time
