

Cross of if you have ever. ..

I went to school	Free	I felt lonely	I want super powers	I like sports
I believe in myself	I want to work	I like to make others laugh	I am a good person	I want to try new things
My coping skill is taking a deep breath	I am happy today	FREE	I like animals	I like being by myself
I want to make more friends	I like it here	I miss my family	I get angry sometime	I like to listen to music
I am trying everyday	I want to change myself for the better	I can cook for myself	Show me a smile	I can drive
