

Have You Ever

Thought of a perfect reply after the conversation ended	Called someone by the wrong name	Blocked and unblocked someone within the same day	Had a crush on someone just because of their voice	Saved a message just because it made you smile
Muted a group chat because it was too active	Got teary eyed while watching a movie	Smiled at your phone because of a sweet message	Reacted with "Haha" but actually didn't find it funny	Sent a voice note and then wished you hadn't
Faked being sick	Laughed at a joke you didn't understand	Free	Got into a group chat fight over something silly	Left a group chat and then got added back
Sent a message and immediately regretted it	Listened to a love song and imagined yourself in it	Rewatched a childhood cartoon/movie for nostalgia	Sent a message to the wrong group/person	Hugged a pillow while sleeping
Had a dream about someone and blushed when you saw them the next day	Pretended not to be interested but actually liked someone a lot	Forgotten why you walked into a room	Pretended to be busy to avoid a call/message	Danced alone in your room like no one was watching

Have You Ever

Sent a voice note and then wished you hadn't	Forgotten why you walked into a room	Sent a flirty message and immediately panicked	Laughed at a joke you didn't understand	Faked being sick
Left a group chat and then got added back	Smiled at your phone because of a sweet message	Called someone by the wrong name	Thought of a perfect reply after the conversation ended	Reacted with "Haha" but actually didn't find it funny
Saved a message just because it made you smile	Pretended not to be interested but actually liked someone a lot	Free	Danced alone in your room like no one was watching	Pretended to be busy to avoid a call/message
Got teary eyed while watching a movie	Had a crush on someone just because of their voice	Rehearsed what to say before calling someone special	Thought you could sing like the artist while showering	Sent a message and immediately regretted it
Got into a group chat fight over something silly	Rewatched a childhood cartoon/movie for nostalgia	Blocked and unblocked someone within the same day	Muted a group chat because it was too active	Stalked a crush's social media profile
