

B	I	N	G	O
Wings it with no notes no slides	Backs out of presenting at the last minute	Has a pic of themselves in the slides	Says "um" during every slide	Mentions studying/researching abroad
Ethnographic work	Uses or references another language	Profusely apologizes for something	Bashes their own work/is ashamed	Says a sciency or theory-dense word you didn't understand
They seem like they hated their project/field	Worked on it for over 9 months	FREE	Blushes profusely while presenting	Mentions a grant or award that supported their work
Doesn't say "um" a single time	Mentions an award won for this project	Seems like they did too much work	Mentions going to grad school in project	Teaches something you knew nothing about before
Has tech issues	Pre-med related	Has complex data sets	Cries	Runs overtime
