Talked on the phone while fucking?	Did anyone stretch you out so good you thought they ruined you for anyone else?	Ever command a man to stroke his cock in front of you?	Have you ever rode a mounted dildo?	Had sex outside in daylight?
Do you ever think about the one guy who still has the naked pictures you sent him?	Have you slept with someone your friend has also slept with?	Have you ever fantasized about a woman using a strap-on on you or you using it on her?	Did you ever fuck someone just because of their reputation?	Have you slept with someone your friend has also slept with?
Touched another woman's breasts or pussy? Or	Did you ever let someone finish inside you without protection?	FREE	Ever sucked a cock with ice in your mouth?	Ever talked on the phone while having sex?
Have you regretted a one night stand?	Ever tried ice inside you?	Have you ever had sex with someone just because you thought they had a big penis?	Ever finger yourself while driving?	Have you ever begged for more even after you'd already cum hard?
Did you touch yourself when you got home thinking about the swinger couple that asked you to go home with them?	Have you had a happy ending massage?	Ever Wake up naked the morning after in a strange bed?	Would you have ever done porn?	Ever been to a strip club with an ex?
