The weather is discussed	An acronym is used	Eric raises his hand	Someone is eating	Someone at another table is grading
Breakfast is provided	The sound doesn't work on a video	Someone at your table is grading	An announcement is made that could have been an email	Someone gets a shout out
The meeting ends early	The word "duty" is said	FREE	An announcement is made that was already in an email	Part of the meeting only applies to a subset of people
Someone (not Eric) asks a question	Someone's phone goes off	Someone at another table is checking their email	Jesus hands	Someone at your table is checking their email
Jen's computer goes to sleep	At least 3 people walk in late	Someone cries	The word "folks" is said	Coffee is provided
