When will the queen of my dreams come?	Across seven seas I am with you	A girl wet and running	I saw a dream and then a series of events followed	This intoxicating evening
Okay I give up please agree	I am a disco dancer	What is the fault of the eyes?	Take a puff let the sorrow disappear	Beware beautiful girls I have arrived
This cool breeze this moonlight	Touching my heart	FREE	Why did you steal my heart?	Everyone's steps are rising look ram pum
Sometimes in my heart	Love is crazy	My life is somehow	This is my heart crazy for love	Oh the peace of my heart
These nights this weather of the river	Those pink eyes of yours	Jimmy Jimmy come come	In the wet rainy nights	Promise me you won't leave my hand

My life is somehow	I swear by you	Everyone's steps are rising look ram pum	From a strange beautiful girl	Sometimes in my heart
Okay I give up please agree	Oh the peace of my heart	Come and embrace me	What can the heart do when it falls for someone?	This intoxicating evening
Life is a beautiful journey	What is the fault of the eyes?	FREE	Beware beautiful girls I have arrived	Why did you steal my heart?
Across seven seas I am with you	Promise me you won't leave my hand	Love is crazy	I had said something to you	These days our love is the talk of the town
This intoxicating evening	This cool breeze this moonlight	Take a puff let the sorrow disappear	This is my heart crazy for love	How much I love you
