Xray-are you going to do this side?	Answers phone/text when talking to you	I just need a work note	Patient holds their finger up telling you to wait	Is it broken or fractured
I dont have any medical hx but your med list determined that was a lie	Wheres the bathroom?	Let me back up a bit	Did you forget about me?	Pam freaking out
When the pts spouse starts talking for them	created a new chart	FREE	I didn't give them medicine because....	I still dont feel well(seen 2 days ago)
I want to nip it in the butt	Ted telling us where the door is if we dont like it	IDK the name of my meds	I need you to say ahhhh but the patient doesn't (strep)	Its just a sinus infection
I just need an antibiotic	I didnt want to wait in the ED	Lied about their sxs during registration	on a pain scale from 0-10 well...	I dont know its in my chart
