Someone says a character's name loudly	A plan goes wrong	Dream/hallucination	Someone drops something important	Park with trees
Dark alley	Someone says "wait"	Random dog appears	A secret reveal	Silence before something big happens
Someone runs instead of walking	Someone using a phone on a street	FREE	Abandoned building	Kitchen at night with only fridge light
Last second arrival	Someone looking out the window	Long hug	Flashback scene	Pouring a drink
Eating but not finishing the food	Crying alone	Shouting argument	Sudden noise	Dramatic door slam
