

B	I	N	G	O
staffing specific to nurse fatigue	ANA	excessive costs for coverage	represents an aggregated average number and skill mix	patient care delivery models
case management delivery system	staffing adequacy	patient classification system	ANA principles of nurse staffing	ratio staffing
staffing	team delivery model	NURSE LEADERSHIP	FALSE	low validity; misuse of the tool
measuring staffing adequacy	scheduling	modular team model	highly interactive and unpredictable	patient classification
functional delivery model	TRUE	primary delivery model	the current healthcare system	evidence driven processes
