

B	I	N	G	O
staffing adequacy	ANA	excessive costs for coverage	ratio staffing	patient aquity
case management delivery system	staffing	patient classification	ANA principles of nurse staffing	primary delivery model
scheduling	staffing grid	NURSE LEADERSHIP	FALSE	low validity; misuse of the tool
measuring staffing adequacy	represents an aggregated average number and skill mix	modular team model	highly interactive and unpredictable	patient care delivery models
functional delivery model	assignment	patient classification system	staffing specific to nurse fatigue	evidence driven processes
