

B	I	N	G	O
splitting into 4 cells	²³ chromosomes	chromosomes	nucleus	interphase
PMAT twice	splitting into 2 cells	meiosis	⁴⁶ chromosomes	moving away to the sides
sex cells	telophase 2	FREE	Mitosis	gametes
growth and repair	prophase 1	identical daughter cells	duplicate	lining up in the middle
crossing over	PMAT	metaphase 1	zygote	body cells

B	I	N	G	O
telophase 2	46 chromosomes	nucleus	PMAT twice	meiosis
chromosomes	zygote	interphase	PMAT	moving away to the sides
growth and repair	Mitosis	FREE	gametes	23 chromosomes
duplicate	metaphase 1	splitting into 4 cells	body cells	prophase 1
identical daughter cells	lining up in the middle	sex cells	splitting into 2 cells	crossing over
