Why aren't you meeting your target chargeability?	A cubicle is just a padded cell without a door	It could be worse - you could be unemployed!	Time for another coffee	Please turn in your prebills!
I love the smell of urine on the sidewalk in the morning	What is the job number?	The client changed the name of the project AGAIN?	After the day I had I need a drink!	There are leftover sandwiches in the supply room
What are we going to do with all this office furniture?	Can you reduce your fee again?	FREE	Put it on BD	My computer is too slow!
PDC = Pretty Darn Close	Ugh my desk is so messy!	Please complete your timesheets	The only thing more unrealistic than the deadlines are the budgets	What about hydromod?
Just reboot!	Just charge it to phase 800	Public meetings - anything you say will be misquoted and then used against you	Hurry up and submit this project so City/County staff can sit on it	I can't find that job in our files - how long ago did we work on it?
