

together we make a family	Faith makes all things possible not easy	dinner is better when we eat together	she believed she could so she did	my greatest blessings call me mom
believe in yourself	together is a wonderful place to be	pain is temporary pride is forever	all you need is a little faith trust and pixie dust	time spend with family is worth every second
we may not have it all together but together we have it all.	art washes away the dust from the soul	UPPERCASE LIVING	just roll with it	love makes life complete
there once was a boy who loved a girl	loved you yesterday love you still always have always will	please excuse the mess were busy making memories	doubt your doubts before you doubt your faith	our family is just one tent away from being a full blown circus
because someone we love is in heaven there is a little piece of heaven in our home.	there is no place like home	brothers are the best of friends	when life gives you waves learn to surf.	dance like no one is watching
