

B	I	N	G	O
ribosome	active transport	diffusion	organelle	integumentary system
circulatory system	reproductive system	muscular system	cell membrane	prokaryotic
cell membrane	eukaryotic	FREE	excretory system	passive transport
golgi complex	nuclues	e.r.	lysosome	digestive system
cell wall	chloroplast	mitochondria	concentration	nervous system

B	I	N	G	O
skeletal system	osmosis	nuclues	muscular system	passive transport
cell wall	chloroplast	nervous system	lysosome	circulatory system
mitochondria	cell membrane	FREE	eukaryotic	active transport
integumentary system	ribosome	vacuole	concentration	cell membrane
organelle	cytoplasm	excretory system	diffusion	e.r.

B	I	N	G	O
mitochondria	circulatory system	nuclues	nervous system	cytoplasm
cell membrane	vacuole	diffusion	skeletal system	respitory sytem
concentration	passive transport	FREE	golgi complex	organelle
active transport	chloroplast	lysosome	excretory system	endocrine system
ribosome	cell membrane	prokaryotic	cell wall	reproductive system
