B	I	N	G	O
iPad did not log you into iTunes	Airwatch says that it not accept the VPP	The password is Midway 2013 and you keep putting in the Midway password	You picked a language besides English	You had to ask Jeremy Morgan to help with a name change
Midway High School will not configure your iPad	You wish you were on the committee for naming conventions of student email addresses	You keep reversing the student's first name and last name	Dried boogers on screen	You still wonder why we didn't go with Chromebooks
iPad skips network login screen	Have to try 3 times to get MISD to connect	You entered a Network log in and iTunes account for 2 different kids on 1 iPad	You forgot a step after shutting it down	You spelled the teacher's name wrong on the tape
You forgot to paste the password on the Notes screen and you're not going back to fix it	You keep typing modwayisd instead of midwayisd	The student has a name you'll never forget	You had to get Jeremy Neal to help with AirWatch	It takes 3 tries to get Airwatch to load
You said no to iCloud by mistake	Network login doesn't work	iTunes account doesn't work	The iPad is less than 5% and you were able to set it up before dying	You are interrupted 3 times by pop ups when trying to make the passcode
