You can't be asexual because humans are sexual creatures!	You're not asexual you're just obese.	**FREE**	Asexuality cannot be real as it goes against evolution.	I don't need to prove it - asexuality just doesn't exist OK?
I sexually identify as an attack helicopter ever since I was a boy I dreamed of...	When asexuals find the right person they won't be any more.	If everyone was asexual humanity would die out!
