You will become an Enemy	A sense of entitlement	Have Patience You'll get it	You can Earn what you want	People won't trust you
Don't be Selfish	You have better morals	The Golden Rule	Appreciate your own things	You are better than that
You don't like it done to you	Your Freedom is Important	FREE	Do The Right Thing	It's NEVER worth it
It's against the law	You can go to jail	It's hurtful to others	It makes people angry	The Eighth Commandment
It is a sin	Do not violate others	Think of Others feelings	Your mom taught you better	Empathize with others
