

We were married at PHBC.	Eloping was this couple's style.	Their wedding day was full of beautiful snowflakes.	We first noticed each other on a trip as PHBC youth members.	This is our first marriage retreat.
Our first hot dates were to the laundry mat.	We were both born outside the US.	We are staying for one night at the retreat.	First date included a visit to the hospital to visit the bride's mom...how romantic!	We began dating in the college group at church.
We took 30 people on our honeymoon including 3 pastors.	We will celebrate our 40th wedding anniversary this June.	LOVE	Hiking and 'talking' on bridges is one of our favorite dating memories.	This couple could not agree on an interesting fact.
This couple has 3 or more children.	We have been looking forward to this weekend away!	This groom married his best friend's sister.	This bride suffered with a sunburn on her honeymoon.	We are staying for both nights this weekend.
This bride paid for her own engagement ring.	One of our first dates was to a 'Trip to Hell'	We are the newlyweds in the group.	We would love to see this retreat become a yearly event @ PHBC.	She said no the first time he asked her out.
