

Science

I like to use computers to learn.	I can list three states of matter (list them):	I have frozen a liquid that was not water.	I know who Carl Sagan is.	I have seen icicles hanging from a roof or tree.
I geek out on science.	I like to read things.	I know a chemistry joke (write it down).	I can tell you what dihydrogen monoxide is.	I know an Einstein quote (list it):
I like to experiment.	I can think of a chemical reaction (list it):	I have watched "Theory of Everything."	I have had an ice cube tray that was not full of	I have heard an ice cube crackle and pop!
I know who Neil deGrasse Tyson is.	I have made a snow sculpture.	I know about Schrödinger's cat.	I like to build things.	I have had a snowball fight!
I have gotten my tongue stuck on ice.	I have slipped on ice.	I find math challenging.	I find science challenging.	I love math.
