

B	I	N	G	O
tRNA	ATP	ADP	active transport	mitosis
incomplete dominance	Genotype	ribosome	mRNA	Cell membrane
prophase	telophase	FREE	Cellular respiration	leading strand
cytokinesis	dominant	passive transport	equilibrium	mitochondria
producer	anaerobic	cytoplasm	lagging strand	aerobic

B	I	N	G	O
DNA polymerase	DNA replication	leading strand	interphase	incomplete dominance
Cell membrane	prophase	nucleotide base	cytokinesis	Cellular respiration
cytoplasm	ribosome	FREE	telophase	recessive
ATP	mitosis	dominant	Nucleic acid	active transport
metaphase	mRNA	producer	mitochondria	lagging strand

B	I	N	G	O
lagging strand	ATP	cytokinesis	ADP	incomplete dominance
Genotype	leading strand	tRNA	DNA polymerase	zygote
x-linked trait	Nucleic acid	FREE	Cell membrane	nucleotide base
mRNA	Phenotype	telophase	DNA replication	mitosis
cytoplasm	active transport	Cellular respiration	dominant	anaerobic
