You pick up a dirty tissue from the floor why?	Doctor's funny habit is discussed :)	Someone complains about being tired	You catch someone talking to themselves	Someone is wearing a broncos shirt
Someone asks you for chewing gum	You notice someone has new shoes	Someone shares about a recent vacation	People start talking about football	You ask a doctor what a patients prognosis is
You get called the wrong name	You see a patient over 90 years old	Happy Tech Week	Someone asks if you've done all your Christmas shopping	Someone is sharing a recipe
Someone is sharing something about their kids	You do an act of kindness. what is it?	Someone is telling a joke.:)	Someone is from out of state	Someone says it is supposed to snow
Someone complains it is too cold	Someone asks you "How is your day going?"	Someone who's birthday is in November	You see an ophthalmic condition you've never seen before-what is it?	Someone comments on traffic
