You see a patient over 90 years old	Doctor's funny habit is discussed :)	Someone comments on traffic	You do an act of kindness. What is it?	Someone is wearing a Bronco's shirt
Someone asks you for chewing gum	You pick up a dirty tissue from the floor. Why?	Someone shares about a recent vacation	People start talking about football	You catch someone talking to themselves
You notice someone has new shoes	You see an ophthalmic condition you've never seen before-What is it?	Happy Tech Week	Someone asks if you've done all your Christmas shopping	Someone is from out of state
Someone is sharing something about their kids	You get called the wrong name	Someone is telling a joke :)	Someone complains it is too cold	Someone says it is supposed to snow
Someone complains about being tired	Someone asks you "How is your day going?" Who asked?	You ask a doctor what a patient's diagnosis is	You talk to someone whose birthday is in November	Someone brings in treats
