

B	I	N	G	O
radius	3.14	Evaluate	irrational number	diameter
Circumference formula using radius	pi	exponent	Archimedes	integer
perimeter	square	FREE	Area of a circle	circle
circumference	order of operations	constant	area	distributive property
Expression	Circumference formula using diameter	formula	variable	Equation

B	I	N	G	O
square	Archimedes	irrational number	Circumference formula using radius	exponent
Evaluate	variable	diameter	Circumference formula using diameter	integer
circumference	Area of a circle	FREE	circle	3.14
area	formula	radius	Equation	order of operations
constant	distributive property	perimeter	pi	Expression

B	I	N	G	O
Circumference formula using diameter	formula	Archimedes	distributive property	Area of a circle
radius	circumference	constant	pi	diameter
perimeter	Equation	FREE	order of operations	area
square	integer	irrational number	variable	Evaluate
circle	3.14	exponent	Circumference formula using radius	Expression
