My breasts are too small.	Breastfeeding hurts	I don't want the baby to be too attached.	Its gross.	I smoke.
I don't eat well enough to breastfeed.	My boyfriend doesn't think I should.	I'm afraid baby wont take a bottle.	Dad wants to feed the baby.	It would be too hard.
My baby doesn't like to breastfeed.	My friends said I wont be able to.	FREE	I couldn't breastfeed in front of people.	I have to go back to work right after baby comes.
I just want to pump.	My Mom couldn't make enough milk.	I like to party once in a awhile.	I have to go back to school.	I take medication.
I have nipple piercings.	I couldn't the last time I tried.	It will make my breasts saggy.	My nipples are flat.	I don't have time.
