

B	I	N	G	O
The word "rigor"	A cell phone rings	Someone can't stop coughing	Something discussed that could have been sent in an email	Someone is talking about where to go to lunch
Someone asks something that applies only to them	The term "differentiation"	Someone is wearing something not allowed during the year	A meme is used in a presentation	The term "collaborate"
There is an epic technology fail	An administrator gets called out of the meeting	Someone complains about the room temperature	Someone has at least 3 candy wrappers in front of them	The phrase "we want to get you out of here on time."
Someone is doodling instead of taking notes	Someone shows pictures of their kids grandkids or dog	Someone claps over one of Pam's Favorite Things	Someone is wearing a school or college shirt	An administrator yawns
The phrase "21st Century Learner"	Someone besides Beverly takes a selfie	You catch someone texting or checking texts	Someone brags about their wonderful vacation	Someone comes in late after a break or lunch
