

B	I	N	G	O
My first concert was NSync when I was 6 years old	Growing up I wanted to be a ballerina	I listen to Bigger Pockets and Econ Talk Podcasts on my way to work	I've held a koala bear	I recently got a German Shepherd and we share the same birthday
I have a lobstering license with 12 lobster traps	My favorite pastime is running with my dog	I'm starting to train in Muay Thai kickboxing	I Irish Step danced for 12 years	Kip Moore took my friend and me out for drinks in Nashville
My parents are fully prepared to survive through the world ending/zombie apocalypse	I always read the spoilers/end of movies before seeing them	I play piano and I'm a music lover	I played basketball in college	I've moved three times in the last three years
I ran a half marathon two years ago not meaning to	I've gone ice climbing	I love Disney and my last visit in Dec 2016 was my all-time favorite trip	I was a research analyst on issues including development economics - human rights - and women's rights	I grew up in Holliston and went to college in upstate NY
I've lived on the west and east coasts and in the midwest	I learned to golf at Hank Haney's Ranch - Tiger Woods golf coach	To Kill a Mockingbird is my favorite book	I learned to read all on my own when I was 5 years old	I love dogs but my family has four cats
