My 86 year old grandmother is dating her college boyfriend who is a 90 year old magician	I Irish Step danced for 12 years	I learned to read all on my own when I was 5 years old	I'm getting married next June	I was a research analyst on issues including development economics - human rights - and women's rights
I broke my wrist and thumb a few days before college playing football	I've lived on the west and east coasts and in the midwest	I'm a little obsessed with Cheezits	I always read the spoilers/end of movies before seeing them	I've held a koala bear
My first concert was NSync when I was 6 years old	I am obsessed with rescue animals	I play piano and I'm a music lover	I recently got a German Shepherd and we share the same birthday	I've gone ice climbing
I studied abroad in Barcelona	I'm an avid golfer and am currently a 6 handicap	I love basketball and once chipped my front tooth the day before picture day in high school	I went to Morocco for six hours	I am petrified of birds
I'm starting to train in Muay Thai kickboxing	I have a lobstering license with 12 lobster traps	My parents are fully prepared to survive through the world ending/zombie apocalypse	I learned to golf at Hank Haney's Ranch - Tiger Woods golf coach	I once met Taylor Swift on Cape Cod
