You had to work OT	An employee arrived late	Someone asks you for gum	Someone says have you tried to turning it off and on	Someone forgets their lunch
People start talking about football	You get called into a meeting	Someone leaves work early	An employee is off sick	Someone mentions they are on a diet
The printer jams	You have a computer malfunction	FREE	At least two people are late due to traffic	Someone complains its too cold
Someone complains its too hot	Someone sneezes twice in a row	Someone complains of a headache	Someone comments on the time	Someone is on vacation
Someone brings in snacks	It's someone's birthday	Someone mentions the weather	You received a call from an angry employee	Someone asks for the time
