

Betty's Bathhouse Bingo

We just wanted to check on you-You've been in the sling for 12 hours	Better grab gloves if you're gonna touch that	I'm just here to "use the gym"	The new guy just ran out screaming but he's only been here 10 minutes	No we won't fire him if he's not into you
I don't know what that is but I'm not cleaning it up	Was that my priest I just saw in the sling?	She's in the parking lot and she looks angry!	Give me your number - I think you're "the One"	Thank you for your World AIDS Day support!!
This is my 17th towel in an hour but no I'm not tipping you	We know it's election year Senator but you still cannot enter through the back door	FREE	He's "straight" and his wife doesn't know	No Ma'am we won't let you in even just to watch
No Sir there's no promise you'll 'get some action'. That's your job.	They were in a relationship when they checked in but now 'it's complicated'	No Sir we won't issue refunds even if you still have blueballs	My boyfriend has a tracker on my phone so I have to park nextdoor	OMG I think that's a cucumber!
It's called a darkroom for a reason Sir-the lights will NOT be turned on	I can't talk to the staff in public or people will know I go to the Club	Sorry Sir but we will NOT add Mexican food to the Sunday menu	We will NOT save used condoms for you. Please stop calling!	I don't need a lockbox - can you put this in my lockbox?
