Wait for everyone to be served before eating	Always wash your hands after using the restroom	Come to the table with clean hands and a clean face	No inappropriate talk at the table	If you burp say "excuse me"
Change your bed sheets at least once a week	Take responsibility for your actions and words	Knife should face the plate	Ask to help with laundry at home	Never comment badly on food that is prepared for you
Rolling of the eyes on a response is rude	Wash your hair every other day	FREE	Be patient	Do not reach across the table for things
Don't talk while someone else is talking	Open the door for a lady	Drinks are placed on the right side of the plate	Dark colored laundry is to be washed on cold	Include everyone in conversation at the table
Cut your nails straight across not at an angle	Bread plates go on the left side of the main plate	Light colored laundry is to be washed on hot	Wash your hands after sneezing	Change your toothbrush monthly
