someone makes an "old" joke	she blows out birthday candles	she says she has to "high tail" it or "move her butt"	she talks about her plants	she says:"Sure as shootin!"
she orders a steak	she uses her hands when she talks	she takes a drink	she gets something mixed up	she talks about culinary school
she tries cleaning the table	someone shares a memory	She's 70! free space	she laughs	she says this is the best birthday ever!
she says: "What?"	she talks about when she was a teacher	she says: "waitamminute waitamminute"	she says something's "expensive"	she says:"WooHoo Mountain Dew!"
she says something is"fantastic"	she opens a birthday card	she talks about Trump or Obama	someone yells out happy bday!	she says how much she paid for something
