

B	I	N	G	O
Solve word problems with addition and subtraction	Add and subtract decimals	Identify different types of angles	Round decimals	Multiply Whole Numbers
Find Area	Solve with exponents	Order of Operations	Add and subtract fractions with common denominators	Plot points on a coordinate grid
Solve multiplication problems using the distributive property	Solve word problems with multiplication and division	FREE	Addition of large numbers	Make conversions in the metric system
Measure using metric system	Solve equations with variables	Multiply Decimals	Identify value of digits	Multiply a whole number by a decimal
Identify shapes and their names	Answer questions using a graph or table	Plot a decimal on a number line	Subtraction with regrouping	Find perimeter
