

B	I	N	G	O
What if I try it and find that it's just not for me?	Am I required to have product on hand?	Do I need experience in skincare or cosmetics?	How much support is there to help me grow a business?	How do you earn a car?
Are there tax benefits to doing this?	What happens if a customer returns their products?	How many hours a week do consultants work?	Am I required to hold a certain number of appointments?	Is there training and what does it cost?
What's in the starter kit?	Are the products tested on animals?	Do you get to keep the car?	Do you have medical benefits?	Is there a benefit to building a team?
How do I find customers?	How much does it cost to get started?	Do I need to use social media?	How long does it take to earn a car or become a director?	Are there other prizes besides the car?
If I have a web site what does it cost?	Do I have to attend sales meetings?	What's the commission on your sales?	Do I have to have a web site?	Do they give away trips?
