

B	I	N	G	O
untie all the cables and ropes	Beg plead	I fill you up	and finding Mr Right	What's up Houston
Filling your mind like a poisonous mushroom	than the birds in the trees	You know they are getting sweeter	Clear wind blows	always on my mind
leaving me alone and hurt	white house to the palace	FREE	Come on in	Longing for shelter
Old stone road	closer to your arm	Put on your red dress	In the glass I saw	You don't know how it feels
I turn around	Damn thing gone wild	Your heart is beating near	you're a loaded gun	Hot Hot Hot
