Stouty McStout Face thats hilarious	A drink is spilled	Customer says something inappropriate	Just a coffee thanks	Forced to point out the beer is on the wall
Confusion on pint & schooner	Sorry we don't have that size	How much is a mixed 6 pack?	An almost full tasting paddle is left	I'm not a craft drinker
Mistake food menu for drink menu	Whats a Panini?	Steve pays his tab	Can I have some water?	Do you have tasting notes?
Explain the flavour of every beer	Merch prices?	Find a scrunched up item wedged under a table leg	Do you have any lager?	How much for a tasting paddle?
Do you have a paddle?	Can we take these outside?	I don't drink stout	Whats the difference between your IPA's?	Customer calls Aurora Shifty
