Is it important for you to be liked by most of the people?	Are you self-confident most of the time?	Do you sometimes wish you could change something about yourself to be liked more by others?	Have you ever felt positive peer pressure?	Have you ever bullied someone?
Do you have any hobbies that no one shares?	Have you ever spoken about peer pressure with your friends?	Have you ever felt like a victim of peer pressure?	Do you feel unconfident most of the time?	Have you ever put somebody under pressure together with others?
Is peer pressure a thing in your class?	Do you feel unsure about a lot of things?	Does it matter what others think about you?	Have you ever been bullied by someone?	Have you ever lied to your friends?
Have you ever been bullied?	Have you ever felt peer pressure in your class?	Do you think that your friends have a great influence on you?	Have you ever felt cheated on?	Do you have a strong opinion?
Have you ever lied in class to be like the others?	Do you like to be like all your friends are?	Is peer pressure a thing in your school?	Do you prefer to meet one friend or a whole clique of friends?	Do you think you have a lot of friends?
